Dear Senator Church:

This is in reply to your July 1 request for comment on a mailgram from Mr. Thorlief Rangen, Buhl, Idaho, concerning our announced intention to reduce the number and quantity of certain antibiotics which are used in animal feeds.

For your information, we enclose a paper presented by Commissioner Kennedy before the National Advisory Food and Drug Committee and a discussion paper on the subject matter. We believe the enclosed material will be responsive to the issue raised by your constituent.

If we can be of further assistance, please let us know.

Sincerely yours,

Robert C. Wetherell, Jr., Director
